INTRODUCTION

PURPOSE

1. The purpose of these joining instructions is to provide cadets, and their parents, with the necessary information for course participation. They must be read in full, together with the specific annexes appropriate to the Cadet Training Centre (CTC) the cadet will be attending.

COURSE DETAIL

2. Course location, dates and transportation details will be provided by the Commanding Officer of the home corps/squadron prior to commencement of the course. Transportation is generally arranged for cadets' arrival one day prior to commencement of the course, and departure one day following completion of training. Distance to destination, equipment scheduling and local CTC routines may dictate modification of that practice. Thus, it is important for parents to maintain close coordination with their cadets' local corps/squadron.

GETTING READY

CLOTHING AND EQUIPMENT REQUIREMENTS

3. Military and civilian clothing and equipment requirements are detailed in the joining instruction **Kit List (Annex B)**. All items should be clearly marked with name and initials in indelible ink.

4. Cadets **MUST** ensure that all DND-issued items of clothing, especially footwear, fit properly before departing for training. There are very limited facilities for clothing exchange at the CTCs. Any necessary clothing exchanges must be completed at the local corps/squadron.

5. There is no need for cadets attending training centres in Central Region to wear civilian clothing. Jeans only will be allowed and must not be defaced, cut, ripped, or have drawings, lettering or other adornment on them. They may be worn during non-training activities such as dances and relaxed periods, along with the training centre or other issued T-Shirt.

6. Personal storage space within CTC accommodations tends to be limited. Cadets are thus discouraged from bringing any items not specifically described in the relevant [Kit List \(Annex B\)](#). Bringing valuables of any sort (personal electronics, cameras, jewelry, cell phones, etc.) is done so entirely at the cadet's risk. Cadets are responsible for securing their own possessions and DND accepts no responsibility for personal property. All personal items should be documented on a [Personal Articles Log \(Annex C\)](#) which should accompany the cadet.

7. Army Cadets shall bring with them corps-issued Field Training Uniform (FTU) for use at CTCs

8. Sea Cadets shall bring with them corps-issued Sea Cadet Training Uniform (blue shirt) along with ball-cap.

9. Contrary to past practice, cadets will not be provided shorts for routine physical training and are therefore required to supply their own shorts. They are to be mid-thigh in length and in black.

MEDICAL AND DENTAL INFORMATION

Cadet Offers of Participation

10. Cadets must hand carry accepted “Offers of Participation” signed by their parent/guardian with them to their respective Cadet Training Centre.

Provincial Health Cards

11. All cadets must have their valid provincial health card in their possession and be prepared to show it before boarding transportation. In the event the cadet is awaiting a new or replacement card, the Ontario Ministry of Health receipt (or other provincial equivalent) may be shown instead. If the card's expiry date falls within the cadet's course dates, it must be renewed prior to departure.

Prescription Medication

12. Cadets requiring prescription medication must bring sufficient medication to last for their entire stay at the training centre. Medications will be logged in and retained by CTC staff, together with dispensing instructions. Although proper dosages and frequency are supervised by CTC staff, cadets are expected to be aware of, and understand, their own medication requirements. If prescription replenishment is likely to be required during the course, cadets must have in their possession the medication renewal prescription, the dosage, and sufficient funds to cover the cost of acquiring the medication. Canadian Forces Health Services will not pay for refilling prescriptions.

Anaphylaxis Protocol

13. Anaphylaxis is defined as a serious allergic reaction that can be rapid in onset and may cause death. It affects about 2% of the Canadian population, with the most common allergens being food and insect stings. Medical attention is needed right away as this type of reaction can be life-threatening. Cadets with serious allergies to insect stings or food must bring two prescribed Anakit/Epi-pen/Allerject with them to the CTC. Also, they must hand carry the Anaphylaxis Emergency Plan completed during their annual medical validation to the CTC and keep this copy on their person (with their epi-pen) at all times.

Over-the-Counter and Patient Medicines

14. Cadets are not permitted to retain any non-prescription medications. Should circumstances warrant, CTC medical personnel will administer/make available appropriate medications.

15. It is highly recommended that parents/guardians send daily medications in pre-packaged blister packs. This greatly assists training centre and medical staff in ensuring medication compliance. This is typically a service that pharmacies can accommodate with little to no cost.

Medic-Alert Bracelets

16. It is highly recommended that cadets with known medical conditions (diabetes, allergies etc.) wear a Medic-Alert bracelet while attending CTCs.

Eyeglasses

17. Lenses and frames are the personal property of the cadet. The Canadian Forces will not replace or repair lost or broken glasses. It is strongly recommended that the cadet or the parent have insurance coverage for repair/replacement of eyeglasses. In addition, cadets requiring eyeglasses shall have in their possession, two pairs of glasses and a copy of the prescription. Cadets are responsible for the safety of their eyeglasses and must

exercise all due diligence in preventing loss or damage (wearing retaining straps etc.). If it is determined that the cadet was on duty and all due diligence was exercised by the cadet to prevent loss/damage, a claim against the crown may be submitted.

Note: cadets are NOT permitted to wear contact lenses if attending the International Exchanges or Marksmanship courses conducted at Connaught CTC.

Immunization

18. It is important that cadets attending CTCs have up-to-date immunization for age, in accordance with their provincial standards, as well as meningococcal immunization. It is advised that cadets bring immunization records with them to CTCs.

19. Immunizations will not be provided by Canadian Forces Health Services.

20. Cadets could be excluded from training during certain infectious disease outbreaks if the cadet is not immunized against that communicable disease.

21. For more information on Immunization in Ontario, please visit the website for Ontario's Ministry of [Health and Long-Term Care](#).

GETTING THERE

TRANSPORTATION ARRANGEMENTS

22. Transportation to and from the CTC is provided at no expense to the cadet or family and is generally via charter motor coach. Out-of-region travel may be provided by rail or by military or commercial air transport. The Movements Officer of the appropriate Regional Cadet Support Unit arranges all transportation for cadets. This information, including the pick-up location, is then passed to corps/squadron Commanding Officers for onward dissemination to cadets and parents/guardians. Cadets shall travel to and from training centres in uniform.

23. Cadets travelling by rail or air MUST carry [government-issued identification](#). For air travel, as a minimum, cadets under age 16 must have either one piece of photo identification or two pieces of identification, one of which specifies gender and date of birth. Such documents as a health card or birth certificate satisfy this requirement. Cadets aged 16 and over must have identification with photo. In both circumstances, a valid passport fulfills the requirements. School identification or corps/squadron ID cards are not accepted. Cadets whose 16th birthday falls within their camp period will be required to hold the higher level of documentation for their homeward journey.

24. Under the Government of Canada's [Passenger Protect](#) program, for all air travel, full legal names must be used. Cadets' names as registered with their home

corps/squadron MUST match the identification being carried. Discrepancies such as short forms or nicknames, use of a middle name, surnames assumed by the cadet instead of their legal name, or spelling errors may result in denied boarding. Additional details about the [Passenger Protect](#) program are available from [Transport Canada](#).

25. Personal luggage must be clearly marked with a duplicate tag placed inside the container (duffle bag, suitcase, kit bag). Luggage restrictions may apply to cadets travelling by air. Please consult the travel order received and the transporting airline. Details regarding checked and carry-on luggage may be obtained from the [Canadian Air Transport Security Authority \(CATSA\)](#).

26. Parents/Guardians bringing their son/daughter to the training centre must ensure that the corps/squadron Commanding Officer is so informed in advance, and should plan their journey to arrive at the CTC Operations

Centre no earlier than 1000 hours (10:00 am) and no later than 1400 hours (2:00 p.m.) of the reporting-in day, which is generally the day before the course start date. Individual CTC arrival timings may vary, as detailed in each Annex.

27. Meals appropriate to the time of day are normally provided on route if cadets' travel extends over a meal period. In the event cadets are required to purchase a meal if approved in advance through the Training Centre Orderly Room, receipts must be obtained for reimbursement purposes upon arrival at the training centre.

28. All parents/guardians must complete a [Cadet Transportation Form \(Annex E\)](#) to assist Movements staff in planning return transportation. The form should accompany the cadet to the CTC. Parents/Guardians intending to retrieve their son/daughter/ward at the completion of training **MUST** inform the training centre in advance to prevent unnecessary transportation arrangements for their son/daughter/ward.

29. Cadets are not permitted to bring private motor vehicles of any type to the training centre.

PRE-DEPARTURE CHECK

30. In preparing for departure, all cadets must assemble the following items to bring with them:

- a. Provincial Health Card (see [para 11](#));
- b. Personal identification (see [para 23](#));
- c. Completed **Personal Articles Log** (as required) ([Annex C](#));
- d. Prescriptions for eyeglasses (as required) ([see para 17](#));
- e. Prescribed medications (as required) (see [para 12](#));
- f. Completed OTC/Prescribed Medications List that includes dispensing information (as applicable) ([Annex D](#));
- g. Completed **Cadet Transportation Form** ([Annex E](#));
- h. Completed **Leave/Pass Authorization Form** (as applicable) ([Annex F](#));
- i. Completed **Code of Conduct – Course Cadets** ([Annex G](#));
- j. Long-distance calling card (suggested, for cadets to call home periodically); and
- k. Pocket money for incidental personal expenses (canteen snacks, souvenirs, etc., \$15 - \$20 per week suggested);

TRAINING CENTRE ROUTINES

IN-CLEARANCE

31. All cadets are processed through an in-routine upon arrival and will be required to provide the following:

- a. Name;
- b. Course attending;
- c. Health card (confirmation cadets have it in their possession);

- d. Eyeglass and other prescriptions (if applicable);
- e. List of medications (if applicable);
- f. Any travel documents/tickets;
- g. **Cadet Transportation Form** particularly if requesting early departure;
- h. **Leave/Pass Authorization Form** (as applicable); and
- i. **Code of Conduct – Course Cadets.**

32. Arriving cadets are subject to a brief interview and health screening examination by medical personnel to help inhibit the possibility of migrating any contagious or communicable condition to other personnel and to ensure the cadet is medically fit for training.

33. Personal luggage will be subject to inspection upon arrival to ensure that unsafe or prohibited items are not brought into the training centre. Staff will also inspect to be sure that cadets have the necessary items to successfully complete training.

TRAINING CENTRE SERVICES AND FACILITIES

34. Central Region CTCs utilize a mix of permanent structures for sleeping accommodation, instructional and administrative functions. Blackdown and Connaught CTCs employ semi-permanent softwall shelters for instructional and sleeping quarters. Trenton CTC employs permanently erected single-storey modular quarters. Advanced Aviation course cadets are housed in college student residences, and HMCS ONTARIO cadets occupy student quarters at the Royal Military College of Canada.

35. Cadet accommodations are multi-occupant, gender-specific and access-restricted. Sleeping equipment consists generally of two-tier bunk beds. All bedding (sheets, blankets, pillows) is provided. Security for cadets' personal belongings is provided by "barracks boxes" or lockers similar to those in school. Cadets are expected to bring their own padlocks.

36. Meals are served to cadets in a cafeteria style mess-hall environment three times daily. CF facilities do not offer allergen-free foods or food preparation conditions, and cannot ensure avoidance of certain ingredients in food preparation. Whenever possible, foods containing or prepared with identified possible allergens (e.g. nuts, dairy, shellfish) are so identified when served; however, under Director Food Services policy, it remains the individual's responsibility to monitor their own food intake to avoid an allergen.

37. Personal stocks of foodstuffs (snacks, confections, beverages) are discouraged and in some CTCs, prohibited in living quarters. Prevailing seasonal weather conditions promote early spoilage and the presence of foodstuffs tends to attract vermin and insect pests. Foodstuffs and beverages brought to the Training Centre are subject to confiscation and possible disposal.

MEDICAL AND DENTAL CARE

Medical Services

38. Each Training Centre is staffed with medical personnel, including a physician during training hours, to provide a first-response level of medical services intended to deal with minor injuries and routine medical conditions. When necessary, individuals may be referred to local civilian medical facilities for more comprehensive diagnosis and/or treatment.

Dental Services

39. Emergency dental care is available in the event of accident or injury. No dental care beyond the emergency level is provided.

TELEPHONES

40. Personal calls may not be made from DND telephones. Commercial pay telephones are conveniently located in the common areas of each Training Centre. If desired, the cadet may bring a Calling Card, Prepaid Phone Card, etc., to make phone calls at parent / guardian / cadet expense. In emergency circumstances, CTC staff will initiate telephone calls to cadets' homes at government expense. In the event of urgent or emergency circumstances requiring parents to contact cadets, they may do so by calling the appropriate CTC duty centres as listed in each of the Training Centre annexes.

POSTAL SERVICES

41. Postal deliveries and pickups occur daily at the Training Centres. Cadets desiring to mail letters should bring a supply of postage stamps. Additional stamps are available for purchase at cadet canteens. Parents wishing to send mail to their sons/daughters or to a Training Centre headquarters should refer to address instructions in the Training Centre Annex specific to the one their children attend.

LAUNDRY

42. Laundry services vary from centre to centre. Fully equipped laundry facilities are available. In the case of Trenton, HMCS Ontario, Blackdown, and Connaught laundry attendants are employed to perform laundry services. Pressing facilities (irons provided) are available on a "do-it-yourself" basis. Cadets must clearly mark their name on all items of clothing (inside collars and waistbands) using non-soluble ink.

CANTEEN

43. Canteen with snack bar and retail outlet are available for the purchase of soft drinks, confections, hygiene items, shoe polish, souvenirs and items of clothing such as Training Centre T-shirts. All merchandise is modestly priced and the profits are devoted to providing amenities for the cadets.

WORSHIP SERVICES AND SPIRITUAL GUIDANCE

44. Each CTC maintains a multi-denominational staff of chaplains in making every effort to meet the needs of all religious denominations. The centres provide both Protestant and Roman Catholic services for those cadets wishing to attend. Those cadets seeking a service within their own faith are encouraged to approach the Training Centre chaplains for assistance.

CADET BANKING

45. For the security of cadet's monies, the Training Centres, except Advanced Aviation locations, provide an on-site banking service. Cadets are encouraged to deposit any large amounts of money upon arrival and withdraw money as required to provide for one or two days' spending. It is emphasized that there are absolutely no mandatory charges associated with attendance at a CTC. Cadets, however, may wish to purchase such items as caps, T-shirts, fleece jackets, soft drinks or confections. They are responsible for personal hygiene materials including soap, shampoo etc. Cadets are also responsible for their own haircuts. Barbering services are made available at each CTC.

46. There are no ATMs (commercial banks' Automated Teller Machines) located within Training Centres. However, cadets holding their own personal banking or ATM cards may be provided periodic opportunities to access an ATM at nearby commercial or on-base locations. The Advanced Aviation Technology courses, being housed in a community college campus, have ATM service onsite.

TRAINING BONUS

47. Course cadets may qualify for a training bonus (amount to be determined) per day starting on the first day of training, to a maximum amount per week. The bonus is paid in installments, at the end of one and three weeks' training and (for six-week courses) upon completion of the course. When a cadet is, for any reason, unable to finish the authorized activity and is returned to his or her unit (RTU), entitlement for the training bonus shall be determined on a per-diem basis for each completed day of training.

VISITS, LEAVE AND PASSES

48. Cadets attending a training centre are considered undergoing training. Parents are reminded that training occurs six days a week commencing at 0600hrs daily and concluding at 2000hrs following a varied and active training day. Each training day is a stepping stone for the next and is therefore important. Parents are thus strongly encouraged to confine any visits to evening hours or weekends, according to the specific variations at each CTC described in their respective Annexes, and to limit the frequency of those visits.

49. If there are special restrictions (e.g. due to court orders, custody issues, etc.) or changes in authorization of who may take a cadet on leave, this information must be documented in FORTRESS through the home corps/squadron. If circumstances change during training, the CTC should be contacted directly by means of the contact information at Annex A below.

50. Leave periods vary according to the training requirements at each CTC and parents should consult their respective Annexes before making any travel plans. Cadets are required to be in uniform when departing and returning to the Training Centre.

ONLINE AND COOPERATIVE EDUCATION

51. Cadets who are on a six week course who enrolled in the Upper Canada District School Board summer cooperative education program will be able to earn up to two-co-op credits for high school. Cadets will be given time during their course and assistance in order to complete the co-op program. The program runs from 3 July – 10 August 2018

PERSONAL APPEARANCE

52. The standards of personal dress, appearance and grooming shall be such as to reflect credit on the individual and on the Canadian Cadet Organization as a whole. The following regulations are extracted from Canadian Forces Dress Regulations and Cadet Dress Regulations. They are not intended to be overly restrictive, but to ensure the maintenance of high a standard of grooming consistent with military standards while also recognizing the standards of Canadian society and the traditional privileges, which have proven their value in fostering group identity and morale. The regulations are reasonable, enforceable, assure a favourable military image, and yet permit some individuality.

Hair Style – Male Personnel

53. As guidelines, hair shall be:

- a. neatly groomed;
- b. taper-trimmed at the back, the sides, and above the ears, to blend with the hairstyle. A straight cut at the neck is permissible when the tapered appearance is maintained;
- c. not more than 15 centimetres (6 inches) in length and short enough so that when hair is groomed and headdress removed, no hair touches the ears or collar, or falls below the top of the eyebrows. The distance of the hair from the collar for the average man should be 2.5 centimetres (1 inch) but this may vary according to whether the individual has a short or long neck; and
- d. not greater than 4 centimetres (1½ inches) in bulk at the top of the head with the bulk gradually decreasing from the top to blend with the tapered trimmed sides and back; and does not interfere with the proper wearing of any military headdress.

54. Male cadets are expected to be clean-shaven. Reasonable medical or religious considerations will be accommodated. Sideburns shall:

- a. not extend below the point where the top of the ear lobe joins the face;
- b. be squared off in a horizontal line at the bottom edge; and
- c. be taper-trimmed to conform to the overall hairstyle and of even width.

Hair Style – Female Personnel

55. Hair shall be kept neat and well groomed and shall not extend below the lower edge of the jacket collar. Varying hairstyles, straight or curled are permitted within these limits but exaggerated or bizarre styles including those with excessive fullness or extreme height are not authorized. In no case shall the bulk of the hair interfere with the proper wearing of military headdress. Hair ornaments shall not be worn. Bobby pins, hairpins and similar items used to secure the hair shall not be visible.

56. Braids, if worn, shall be styled conservatively and tied tightly, secured at the end by a knot or a small-unadorned fastener. A single braid shall be worn in the centre of the back. Double braids shall be worn behind the shoulders. Hair shall be a maximum length when gathered behind the head and braided which does not extend below the top of the armpit. Multiple braids and/or cornrows shall be directed toward the back of the head, pulled tight to the head and secured at the end by a knot or a small-unadorned fastener. Multiple braids extending below the lower edge of the collar are to be gathered in a bun.

Make-Up – Female Personnel

57. Make-up shall be conservatively applied when in uniform. This precludes the use of false eyelashes, heavy eyeliner, brightly coloured eye shadow, coloured nail polish and excessive make-up.

Jewelry

58. The wearing of jewelry by personnel in uniform is restricted. Wrist watches, ID or Medic Alert bracelets are permitted. A maximum of two rings may be worn provided that they are not of a gaudy or costume nature. Personnel in uniform shall not wear necklaces or chains about the neck. Females may wear only a single pair of plain gold, silver stud or white pearl earrings in pierced ears. A healing device of similar size not to exceed 0.6 cm. in diameter and spherical in shape may be worn while ears are healing after piercing. Only a single earring or healing device, worn in the centre of each ear, may be worn at a time.

DISCIPLINE AND DEPARTMENT

59. Regulations and standards have been developed to ensure the safety, efficiency and well-being of everyone. These requirements are not difficult to meet, and a willingness to abide by the rules will contribute greatly towards an enjoyable summer for all cadets. When regulations are ignored, it causes unreasonable hardship for both cadets and staff, and must be addressed through remedial or disciplinary action.

60. Upon arrival at the CTC, cadets are required to sign a [Cadet Code of Conduct](#) declaration in which they acknowledge the standards of conduct and behaviour expected of them while participating in training.

SMOKING

61. Central Region Cadet Training Centres are smoke-free environments. As such, cadets are prohibited from smoking while attending all Central Region CTCs. Government policy forbids smoking inside DND buildings or while riding in any DND vehicles or aircraft.

CONTROLLED SUBSTANCES (DRUGS AND ALCOHOL)

62. Cadets are prohibited from buying, consuming, or having in their possession alcoholic beverage of any sort. Cadets are prohibited from buying, selling, using or being in possession of any narcotic or hallucinogenic substance. Anyone suspecting another of using or being in possession of drugs or alcohol is obliged to advise their supervisor immediately. Central Region adheres to a zero-tolerance policy with regard to the misuse of controlled substances, and any cadet so involved may be subject to immediate RTU and possible criminal investigation/charges.

FRATERNIZATION

63. Cadet Training Centres embody three groups of individuals: course cadets, staff cadets, and adult staff (including Officers, Civilian Instructors and non-commissioned members of the Regular Force, Primary Reserve and/or COATS.) Fraternization, that is, inappropriate interactions as defined in CATO 15-22, among any of these categories is not permitted. Living quarters are gender-exclusive and are off limits to members of the opposite sex. Failure to comply will not be tolerated and may result in personnel being RTU.

RETURN TO UNIT (RTU)

64. A cadet may be Returned to Unit (RTU) for serious disciplinary problems, medical reasons, upon parental request, as a training failure or when determined by the Commanding Officer of the CTC, to be in the best interest of the cadet. The RTU procedure may commence on very short notice. It is imperative, therefore, that the parent/guardian's whereabouts are known by the corps/squadron Commanding Officer at all times. It is also important that parent/guardians have accurately specified contact numbers including alternate contacts when accepting offers to participate in training or activities. Home corps/squadrons will include/amend information in FORTRESS regarding contact person(s). Undue delay in returning home may place unnecessary stress on the cadet.

GRADUATION AND RETURNING HOME

65. Each Training Centre conducts a full ceremonial review Graduation Parade at the conclusion of each two, three, and six-week training serial. Parents and friends are welcome, and encouraged, to attend. Dates are course-specific and individual parade schedules and locations are detailed in each of the CTSCs' individual annexes.

66. Cadets do not depart immediately following graduation parades. Pre-departure out-clearance procedures and transportation arrangements are planned well in advance of the scheduled departure dates. Further, due to the large number of cadets departing in a short time frame, a rigid departure plan must be maintained.

67. It is imperative that parents desiring an early departure with their sons/daughters **advise the Training Centre well in advance**. In order to expedite the process and in an attempt to reduce lengthy delays, parents are obliged to complete the Cadet Transportation Form submitted as part of their cadets' In-Routine. If circumstances change, a substitute form may be sent by fax or mail to the Training Centre, or arrangements may be made by telephone.

68. Parents, or those adults designated by parents as the person authorized by them to transport the cadet home, are obliged to ensure they have adequate identification on their person and that they are indeed the parent or

individual identified in FORTRESS or on Cadet Offers of Participation. CTC staff are obliged to exercise due diligence and not release a cadet to anyone's custody without the proper parental authorization and confirmation of identity.

69. As detailed in paragraph 22 earlier in this instruction, transportation from the CTC is provided at no expense to the cadet or family. All travel instruction detailed earlier in this instruction apply to home-bound travel as well. Cadet transportation generally terminates at the same location outbound transport originated.

CTC CONTACTS AND GRADUATION PARADE SCHEDULES

70. CTC contact information and Graduation Parade schedules are detailed in the following Annexes specific to each CTC.

- + Proceed 11.9 km to Silver Star Road and watch for signs identifying Canadian Forces Base Trenton Detachment Mountain View on the west (right) side of the road.
- + Turn right onto Detachment property and obtain directions at the gatehouse.

KIT LIST ADDENDA

Note that uniform tunics are not required.

All candidates must bring a passport photo as per [Passport Canada](#) specifications to comply with Transport Canada licencing requirements. **THE PHOTO SHOULD NOT BE SIGNED ON THE BACK.**

MEDICAL

Certain medical conditions and/or medication are incompatible with flying duties. Parents must therefore be totally candid in providing complete disclosure of all of the cadet’s medical conditions on their initial membership Basic or Detailed Health Questionnaire (DND 2571 or DND 2570) for review by the Central Region Medical Advisor, and to immediately advise of any medical changes in that may occur following submission of the initial application. Undisclosed medical circumstances could result in the cadet being RTU since minimum medical standards must be maintained as a condition of holding a Transport Canada aircrew licence.

Any and all medications ingested must be approved by a Canadian Forces Flight Surgeon (where available) or a Transport Canada approved Canadian Aviation Medical Examiner. Similarly, ingesting unapproved or undocumented medication may result in RTU action.

CONDUCT AND DISCIPLINE

Although remote from the physical environment of a Cadet Training Centre, the Mountain View Cadet Flying Training Centre (CFTC) is functionally similar, particularly in terms of cadet deportment. The regional Return to Unit (RTU) policy described in paragraph 54 of the Regional Joining Instructions is in force. Additional potential causes for Cease Training/RTU action during the Glider Pilot Scholarship course include:

- a. Failure of four ground school exams;
- b. Failure of a rewritten Transport Canada examination;
- c. Four unsatisfactory (failed) flights during the course; and d.
Academic dishonesty.

KIT LIST

PROHIBITED, RESTRICTED AND UNAUTHORIZED ITEMS

The following table describes items which should NOT accompany cadets to a Training Centre. Any such items discovered during routine in-clearance or during a cadet’s attendance to training are subject to confiscation by training centre staff and could result in disciplinary or legal action.

Handling of prohibited, restricted and unauthorized allowed items:

PROHIBITED or RESTRICTED items by law or cadet program policy – items will be either handed over to the Military or civilian police, or disposed of. The chart below details the handling of these items.

UNAUTHORIZED – items will be returned home at the parent’s expense or held by the CTC until the cadet departs.

List of PROHIBITED OR RESTRICTED items that will be turned over to police	List of PROHIBITED or RESTRICTED items that will be disposed of	List of items NOT ALLOWED at Cadet Training Centres

- Note 1: Issued elemental cap, beret or wedge cap **INCLUDING brass or insignia**
- Note 2: Must be conservative in style and fit. Swimwear: Must reflect prevailing standards of modesty and good taste; should be functionally styled for swimming, not tanning or beach wear. Sleepwear: Appropriate to time of year, but sufficiently conservative to ensure standards of personal modesty.
- Note 3: For females with long hairstyles
- Note 4: For shower; Water resistant, Velcro fastener recommended, e.g. beach sandals, jelly shoes
- Note 5: Footwear capable of foot protection during water activities, e.g. canoeing, etc. Blackdown: Sandals with ankle strap, water shoes etc. RGS: Old running shoes, etc. Trenton: Must be closed-toed shoe or water-sock.
- Note 6: Only jeans, preferably blue denim, in good repair will be permitted for off-duty casual wear at those Training Centres permitting jeans at all. Torn, frayed, embellished (written-upon, painted, spangled, etc.) or low-rider garments are not permitted.
- Note 7: Lightweight windbreaker style. Warm sweater may be substituted.
- Note 8: Sweater and pants may be substituted.
- Note 9: Additional pair of boots, ankle, black to be drawn from home squadron. (Applies to Advanced Aviation Technology Courses at Canadore College, and Power Pilot Scholarship candidates.)
- Note 10: In deference to those with significant sensitivities to scents, those using personal care products such as perfumes, body lotions, after-shave lotions, hairsprays, etc. are encouraged to use only of low-scented or unscented varieties.

Alterations to Footwear

CF Dress Regulations prohibit the altering of footwear; therefore “clickers” may not to be installed on footwear. Additionally, clickers tend to damage flooring and are considered a fire hazard in some environments (e.g. flight lines). Any such additions to footwear (boots, shoes) will be removed before travelling to camp, and not replaced.
